Author index of volume 67

Abadir, K.M. and A. Lucas, Quantiles for *t*-statistics based on M-estimators of unit roots 131
Al-Najjar, N.I. and R. Smorodinsky, Provision of a public good with bounded cost 297
Arabsheibani, G., D. de Meza, J. Maloney and B. Pearson, And a vision appeared unto them of a great profit: evidence of self-deception among the self-employed 35
Arai, Y. and T. Yamamoto, Alternative representation for asymptotic distributions of impulse responses in cointegrated VAR systems 261
Arnold, M.A. and S.A. Lippman, Elasticity of demand for search 309
Arrazola, M., J. de Hevia and J.F. Sanz, More on tax perception and labour supply: the Spanish case 15

Biddle, J.E., *see* G.A. Pfann 201
Bishop, J.A., J.P. Formby and L.A. Zeager, The effect of food stamp cashout on undernutrition 75
Blake, A.P., Solution and control of linear rational expectations models with structural effects from future instruments 283
Bosman, C.M., *see* G.A. Pfann 201
Brixiova, Z. and T. Yousef, Labor market adjustment in transition economies with on-the-job search 223
Broersma, L., F.A.G. den Butter and U. Kock, A national accounting system for worker flows 331
Brooks, C. and Ó.T. Henry, Can portmanteau nonlinearity tests serve as general mis-specification tests? Evidence from symmetric and asymmetric GARSH models 245

Cardoso, A.R., Does a firm apply a consistent pay standard to all of its workforce? 217
Chatelain, J.-B., Explicit Lagrange multiplier for firms facing a debt ceiling constraint 153
Chun, Y., Distributional properties of the uniform rule in economies with single-peaked preferences 23
Cook, S., Long-run and short-run co-movement in UK consumption and income 11
Coram, A.T., A note on distribution in a vote bidding game with general interest and single issue voters 315
Corrado, L. and S. Holly, A currency crisis model with a misaligned central parity: a stochastic analysis 61

de Hevia, J., *see* M. Arrazola 15
de la Croix, D., *see* P. Michel 53
de Meza, D., *see* G. Arabsheibani 35
den Butter, F.A.G., *see* L. Broersma 331
Depken, C.A., Wage disparity and team productivity: evidence from major league baseball 87
Donald, S.G. and W.K. Newey, A jackknife interpretation of the continuous updating estimator 239
Dufwenberg, M. and W. Güth, Why do you hate me? 147

Ehlers, L., Indifference and the uniform rule 303

Faria, J.R., Supervision and effort in an intertemporal efficiency wage model: the role of the Solow condition 93
Formby, J.P., *see* J.A. Bishop 75
Futagami, K., *see* A. Momota 231

Gallagher, L.A. and M.P. Taylor, Measuring the temporary component of stock prices: robust multivariate analysis 193
Ganuza, J.-J. and L. Pechlivanos, Heterogeneity-promoting optimal procurement 105
Gerlach, S. and G. Schnabel, The Taylor rule and interest rates in the EMU area 165
Güth, W., *see* M. Dufwenberg 147

Hamermesh, D.S., *see* G.A. Pfann 201

Elsevier Science S.A.
PII: S0165-1765(00)00260-3

Category index of volume 67

C Mathematical and Quantitative Methods

S.G. Donald and W.K. Newey, A jackknife interpretation of the continuous updating estimator (C1) 239
U. Segal, Don't fool yourself to believe you won't fool yourself again (C7) 1
J. Otero and J. Smith, Testing for cointegration: power versus frequency of observation — further Monte Carlo results (C15) 5
C. Rault, Non-causality in VAR-ECM models with purely exogeneous long-run paths (C15)121
K.M. Abadir and A. Lucas, Quantiles for t-statistics based on M-estimators of unit roots (C22)131
T. Proietti and A. Harvey, A Beveridge–Nelson smoother (C22)139
C. Brooks and Ó.T. Henry, Can portmanteau nonlinearity tests serve as general mis-specification tests? Evidence from symmetric and asymmetric GARSH models (C22)245
S. Cook, Long-run and short-run co-movement in UK consumption and income (C30) 11
D.L. Ryan and T.J. Wales, Imposing local concavity in the translog and generalized Leontief cost functions (C30)253
Y. Arai and T. Yamamoto, Alternative representation for asymptotic distributions of impulse responses in cointegrated VAR systems (C32)261
K. Neusser, An algebraic interpretation of cointegration (C32)273
A.P. Blake, Solution and control of linear rational expectations models with structural effects from future instruments (C61)283
M. Dufwenberg and W. Güth, Why do you hate me? (C72)147

D Microeconomics

C.E. Weber, Two further empirical implications of Auspitz–Lieben–Edgeworth–Pareto complementarity (D11)289
M. Arrazola, J. de Hevia and J.F. Sanz, More on tax perception and labour supply: the Spanish case (D60) 15
N.I. Al-Najjar and R. Smorodinsky, Provision of a public good with bounded cost (D62)297
Y. Chun, Distributional properties of the uniform rule in economies with single-peaked preferences (D63) 23
L. Ehlers, Indifference and the uniform rule (D63)303
U. Schmidt, The certainty effect and boundary effects with transformed probabilities (D81) 29
M.A. Arnold and S.A. Lippman, Elasticity of demand for search (D83)309
G. Arabsheibani, D. de Meza, J. Maloney and B. Pearson, And a vision appeared unto them of a great profit: evidence of self-deception among the self-employed (D84) 35
J.-B. Chatelain, Explicit Lagrange multiplier for firms facing a debt ceiling constraint (D92)153
A.T. Coram, A note on distribution in a vote bidding game with general interest and single issue voters (D720)315

E Macroeconomics and Monetary Economics

A.R. Nobay and D.A. Peel, Optimal monetary policy with a nonlinear Phillips curve (E3) 159
S. Gerlach and G. Schnabel, The Taylor rule and interest rates in the EMU area (E5) 165
S.J. Perez, Myopia, liquidity constraints, and aggregate consumption: what do the data say? (E21) 43
G.L. Shoesmith, A further interpretation of Friedman's hypothesis: the cointegration of component CPI indexes (E30) 49
P. Michel and D. de la Croix, Myopic and perfect foresight in the OLG model (E32) 53
W.-J. Tsay, Long memory story of the real interest rate (E40)325
L. Corrado and S. Holly, A currency crisis model with a misaligned central parity: a stochastic analysis (E42) 61

Elsevier Science S.A.
PII: S0165-1765(00)00261-5

F International Economics

J. Ju and K. Krishna, Necessary conditions for welfare improving reforms (F0) 173
E. Pennings and L. Sleuwaegen, International relocation: firm and industry determinants (F21)179
J.L. Torres, An heterogeneous expectations target zone model (F31) 69
M.R. Pakko, Do high interest rates stem capital outflows? (F32)187

G Financial Economics

L.A. Gallagher and M.P. Taylor, Measuring the temporary component of stock prices: robust multivariate analysis (G14)193

H Public Economics

J. Monks, The academic performance of legacies (H2) 99

I Health, Education, and Welfare

J.A. Bishop, J.P. Formby and L.A. Zeager, The effect of food stamp cashout on undernutrition (I38) 75

J Labor and Demographic Economics

G.A. Pfann, J.E. Biddle, D.S. Hamermesh and C.M. Bosman, Business success and businesses' beauty capital (J7) 201
B. Sen, How important is anticipation of divorce in married women's labor supply decisions? An intercohort comparison using NLS data (J16)209
C.A. Depken, Wage disparity and team productivity: evidence from major league baseball (J31) 87
A.R. Cardoso, Does a firm apply a consistent pay standard to all of its workforce? (J31)217
J.R. Faria, Supervision and effort in an intertemporal efficiency wage model: the role of the Solow condition (J50) 93
L. Broersma, F.A.G. den Butter and U. Kock, A national accounting system for worker flows (J63)331
Z. Brixiova and T. Yousef, Labor market adjustment in transition economies with on-the-job search (J64)223

L Industrial Organization

H. Ishigaki, Informative advertising and entry deterrence: a Bertrand model (L12)337
N. Van Long and A. Soubeyran, Existence and uniqueness of Cournot equilibrium: a contraction mapping approach (L13)345
J.-J. Ganuza and L. Pechlivanos, Heterogeneity-promoting optimal procurement (L51)105
J. Kang, D.L. Weisman and M. Zhang, Do consumers benefit from tighter price cap regulation? (L51)113

O Economic Development, Technological Change, and Growth

A. Momota and K. Futagami, Demographic transition pattern in a small country (O41)231

Q Agricultural and Natural Resource Economics

J.F. Oehmke, Anomalies in net present value calculations (Q28)349
